[FirstNet celebrating 6th anniversary](#)

05.12.2023 | (WSAZ-TV)

From extreme weather to car accidents – when an emergency arises, you need to be able to reach first responders. First responders need to be able to communicate with each other. That's why AT&T built FirstNet – to keep emergency personnel connected when it matters most. Matt Walsh from AT&T joined Susan and Taylor on Studio 3 to tell viewers more about FirstNet and why it's so important.

[AT&T boosts network speeds for Hampton](#)

05.14.2023 | (hometownsource.com)

AT&T 5G brings fast, reliable and secure connectivity to more than 290 million people in over 24,000 cities and towns nationwide, which includes the Hampton, Farmington and Vermillion areas, the company said. These enhancements also bring Band 14 spectrum to the area. Band 14 is nationwide, high-quality spectrum set aside by the government specifically for FirstNet. AT&T said Band 14 is public safety's VIP lane. In an emergency, this band can be cleared and locked just for FirstNet subscribers. When not in use by FirstNet subscribers, AT&T customers can use Band 14's added coverage and capacity.

[Chino Hills decides to rehear AT&T tower proposal](#)

05.13.2023 | (Chino Hills Champion)

So far, three cell towers are certain in open space: one was recently approved for the Soquel Canyon/Butterfield Trail to be designed as a weathered water tank, one is under construction at the top of Butterfield Trail on the Adobe Loop along Sunny Meadow Lane off Butterfield Ranch Road. AT&T spokespersons have told the city that the company has built a nationwide communications platform called FirstNet for first responders. FirstNet depends on major wireless facilities to operate and expand the reach of its service, they said. The Chino Hills Police Department and Chino Valley Fire District use FirstNet.

[Opinion – Rep. Baginski: Supporting our First Responders](#)

05.12.2023 | (What's Up Newp)

Thankfully, the public safety community is self-aware, recognizing these challenges and the need for increased wellness services. A survey and analysis done by the FirstNet Health and Wellness Coalition found that both male and female first responders see an opportunity to engage in addressing their health and wellness risk factors.

[Revolution Boston 1510 \(Radio\) at May 11th 2023 6:26 PM](#)

05.11.2023 | (Revolution Boston 1510 (Radio))

All the major responder organizations they're all very invested in wellness now and their programs are around the country. You may hear sponsors like FirstNet or Motorola are all sponsoring wellness programs and events to help first-responders understand trauma and understand their emotions and it's not just trauma to it's the day-to-day stress of just being a human being.

National

[The Sunday Brief: First quarter earnings in five words or less \(Part 2\)](#)

05.15.2023 | (RCR Wireless News)

In wireless, our greatest concern remains AT&T. As we discussed in last week's Brief, they have no bundle partner (that may change with the launch of WarnerMedia Max this month) and stagnant operating margins. FirstNet continues to prop up business wireless performance, but T-Mobile is proving to be more of a competitor than many thought. It's possible but unlikely that either AT&T or Verizon will have the ability to meaningfully raise prices, and postpaid churn is slowly rising.

[Parties Offer Diverse Views on FCC's SCS NPRM](#)

05.14.2023 | (TR Daily - Powered by Dow Jones)

As noted in the SCS NPRM and in furtherance of the Commission's goal to expand connectivity to unserved and underserved areas, SCS has the potential to 'create significant public safety benefits,' especially during emergency events and response. In particular, utilizing Band 14 to provide SCS for FirstNet users may present an opportunity to better support first responders and the communities they serve nationwide. Accordingly, the FirstNet Authority encourages the Commission to authorize SCS on Band 14 to preserve that possibility," said the First Responder Network Authority.
